2015 Term 3, Week 8 - 4 September 2015

Principal's Message

Information on: a grant from the Association of Independent Schools to support a two-year project examining student engagement and improved learning outcomes, the Archdale Debating Grand Final and the IB Diploma Visual Arts Exhibition.

Tuesday marked the first day of spring, the season we associate with new growth. As educators, we grow with the acquisition of new insights and learning. At Ravenswood, this is gained through various means. We focus on professional learning that improves teaching practice and has an impact on student learning. We have a cycle of professional review for our teachers involving professional reflection and action research and we support teachers moving through higher levels of teacher accreditation with the Board of Studies. We use externally gathered data, such as NAPLAN results, as diagnostic tools to calibrate our practice as well as systematically gathering and analysing our own data about student learning.

With this in mind I am delighted to advise that Ravenswood has been successful in our application for a grant from the Association of Independent Schools to support a two-year project. We have been examining student engagement in learning over the past 18 months and this project will support an investigation and evaluation of practices that may contribute to developing resilience in our students and improved learning outcomes. The outcomes of this research will make a contribution to insights about student learning both within and beyond our school. Ravenswood has established a strong reputation as a leader in teacher development which this latest development can only further enhance.

Archdale Debating

The Year 8A Archdale Debating team has qualified for the Grand Final to be held next Tuesday at 6.00pm at MLC Burwood. Congratulations and best wishes to the team.

IB Diploma Visual Arts Exhibition

The quality of the work of Ravenswood Visual Arts students is renowned. Students, parents and friends are warmly invited to view the Studio Works of our International Baccalaureate Diploma students whose visual arts exhibition opens on Tuesday 8 September. The show is being held in the Centenary Centre Foyer open between 6.00pm-8.00pm on Tuesday and continues on Wednesday 9 September 9.00am-3.00pm and Thursday 10 September 9.00am-2.00pm.

Chaplain’s Message

This week, something different - a Prayer:

Seeing Love as St Augustine Did

God who is love,
Christ who embodied it,
Help me to show your love to others.

In my being, in my behaviour and in my actions,
May others get to understand what love looks like.
May my love have ears to listen and attend to the sighs and sorrows of others.
May my love look through eyes which have the vision to see misery and want.
May my love be able to stomach and be strong enough to cope with the burden of compassion, as I witness the suffering of others.
May my love have feet to hasten me to work with the poor and needy.
May my love have a heart to not only feel for others but feel my own inadequacies, which erode my willingness to live out this prayer.
May my love have the hands to reach out to others offering and receiving care in a circle of mutuality, respect and care.
God who is love,
Christ who embodied it,
Help me to show your love to others.
May you work around me when I try to stop this being so.
This I try to pray.
Amen.
God bless.

**Bi-annual Parent Satisfaction Survey**

Ms Vicki Steer wrote to all parents advising: *As part of our commitment to ensure continual improvement in the quality of education we provide to students, I wish to gain a deep and well-informed understanding of the school’s performance.*

*To encourage you to express your opinions openly and frankly, I have commissioned MMG Education, a consultancy specialising in school research and strategy development, to conduct the surveys.*

*All parents have been invited to complete an online questionnaire during a two-week period commencing on Friday 21 August.*

*On Friday 21 August, MMG Education will email you with details of how to complete your questionnaire.*

*To ensure confidentiality and to encourage frank and full expression of views:*  
- all responses will be treated in strict confidence  
- respondents will not be identified to the school by MMG Education, on the basis of questions asked or responses made

*Once the research has been completed, MMG will provide me with a report on its findings and I will provide you with feedback on the research outcomes.*
I look forward very much to the valuable contribution you will be making to this most important project by completing your questionnaire.

A reminder email has been sent from MMG Education to those parents who have not already responded. The survey will close this Sunday 6 September.

If you have not received the email from MMG Education or have any questions regarding the project, please contact Mrs Lyn Armstrong on 9498 9989.

Roving Photographer

Ravenswood students may notice a roving photographic team on campus on Monday and Tuesday next week, capturing general learning images for our publications and advertising.

Most parents have given Ravenswood permission to publish photos of their daughters and we thank you for helping us in conveying the best of Ravenswood to our school community, as well as to the outside world. If we inadvertently take photos of students for whom we do not have parent permission for publication, we will see that no photos of those particular students are ultimately published.

Construction Works at 12-14 Cecil St (across the road from Ravenswood)

Neighbours have commenced construction works at 12-14 Cecil Street, Gordon. This is a busy street and an integral route in our school’s Traffic Management Plan. Ku-ring-gai Council is aware of this and has prohibited truck movements in Cecil Street, east between 7.45am-8.30am and 2.30pm-4.00pm on school days, for safety reasons and to allow our pick-up and drop-off procedure to operate.

In the coming days, Council will also install street signs to implement a temporary change to parking restrictions, associated with this construction project. These sign changes, which will remain in place until the end of June 2016, are shown on the flyer in the Community section of this Newsletter and may be summarised as follows:

- A Works Zone will be established at the front of 12-14 Cecil Street (on the southern side of the road).
- The time limits on the No Parking zone on the northern (school side) of Cecil Street will be extended to run for the whole weekday and Saturday morning (rather than peak times only). Please note, the No Parking restriction still permits vehicles to stop, allowing drop-off and pick-up to occur as usual, so long as the driver remains either within their vehicle or within three metres of their vehicle.
This is a good time for both new and existing parents and carers to review our Traffic Management Plan. Adherence to this plan is particularly important at this busy time. Click here to view this plan on our school Portal.

Mr Simon Jarrett, Director Property and Facilities

Uniform Centre

All girls need to return to school for Term 4 in summer uniform. The Uniform Centre is open on Monday and Thursday, from 10.00am-4.30pm.

Would you please ask your daughter to try on her uniform for size. If you feel you need to buy anything new, contact us at uce@ravenswood.nsw.edu.au or 9498 9815 and we can help you with your order. Keep in mind that we do all our fittings for new students during November and would like second-hand uniform items to sell that are in good condition. All items need to be washed and jackets need to be dry cleaned.

Junior School

Head of Junior School

Information on: Class 3B’s Chapel Service, parent assistance to plant pots for the Summer Carnival, Portfolio Day, an invitation to the End-of-Term 3 Chapel Service and dates for your diary.

Class 3B’s Chapel Service focused on Respect and Compassion, which the girls described as being not only two of our four Guiding Principles but also two very important ingredients for life. The girls guided us through examples of respect and compassion and how we can practise these in our lives. It was a meaningful message for the combined congregation of students, parents and staff.

Parent assistance is requested in the Junior School on Friday 11 September from 10.30am-12.30pm to plant pots for the Summer Carnival, ready to go home to flourish until the Summer Carnival on Sunday 22 November. Help with this would be appreciated. If you are able to assist, please go to www.SignUpGenius.com/go/10C0C4DADAE2AA4FC1-junior.

Portfolio Day is part of the Teaching and Learning Program and forms our Term 3 Assessment and Reporting procedure. A range of activities will be run on Friday 18 September and I look forward to seeing you at school. I also encourage you to attend the presentation by Dr Sally Fitzpatrick. Dr Fitzpatrick will speak about the wellbeing of students and the links with their learning.

**Peer Support – Doing My Best**

In Peer Support this week, the Junior School girls were encouraged to attempt new and unfamiliar tasks by ‘trying the best they can’. This of course is a consistent approach to all we attempt (and achieve) here at Ravenswood. Each Peer Support group was separated into three groups and rotated through three different tasks. The varied tasks helped the students to identify different strengths in each other and that everyone’s strengths can be used to solve a problem or successfully complete a task.
At home, we encourage families to discuss with daughters their individual strengths and provide them with opportunities to utilise these strengths into the future. Remind your daughter you will always be proud of her in all situations if she tries her best.

Next week's Peer Support session on Thursday is titled What Can I Do? This session will be our last of the program and all Junior School girls are invited to bring an extra special picnic lunch to school, as we will be celebrating with a Peer Support picnic in Mrs Holly's Garden at the conclusion of the lesson.

Cyber Safety - Part 4

Cyber Safety was top of the agenda at the recent Police and Principal’s Forum. Ravenswood was represented at the forum and heard from ThinkUKnow, an Internet safety program delivering interactive training to parents, carers and teachers through schools and organisations across Australia.

Links to the ThinkUKnow fact sheets on cyber safety, cyberbullying, Snapchat, Instagram, ask.fm and KIK Messenger can be found on the Parent Portal; https://myravo.ravenswood.nsw.edu.au/igloo/portal/ or for more information visit their website www.thinkuknow.org.au.
Alternatively, the fourth in the series of these fact sheets; *Instagram*, can be found in the Community section of this Newsletter. I will include the rest of the series between now and the end of the term.

**Year 12 – Significant dates for students and parents**

As their time as Ravenswood school girls draws to a close, I thought it important for the Year 12 students and their parents to be aware of a number of significant dates for their calendars. [Click here](http://www.uac.edu.au/documents/undergraduate/opendays.pdf) for a summary of the most important dates for Year 12 and their parents. I suggest it go straight on the fridge at home!

**Year 12 Change of Address**

It is very important if a student changes her address that the school is informed. This is particularly important for girls in Year 12. The Universities Admissions Centre (UAC) receives the addresses of Year 12 students from the files held by the Board of Studies Teaching and Educational Standards (BOSTES) and the International Baccalaureate Organization (IBO). Every year, UAC sends out thousands of undeliverable letters because Year 12 students have either not notified the Board of Studies or the IBO of a change of address, or the address is incomplete. I urge all girls in Year 12 to advise the school immediately if they change their address, so Mr Chris Papadopoulo and Mr Robin Julian can advise BOSTES and the IBO respectively. It is particularly important for Boarders to ensure BOSTES and the IBO are informed of the students’ home addresses, as during the year correspondence from these organisations is often delivered to the girls at the Ravenswood Residential College.

**Important information for Year 12 IB Diploma Students**

Formal lessons for Year 12 HSC students will conclude on Thursday 17 September. Due to the fact that the IB Diploma examinations do not commence until Tuesday 3 November, the IB Diploma students are advised that lessons will re-commence for Term 4 on Wednesday 7 October and formally conclude on Friday 16 October. The IB Diploma students will not be required to wear their school uniforms for this week; however, school uniform should be worn for the IB Diploma examinations.

**Year 12 University Open Days and University applications**

**Commissioning of School Leaders**

Parents of students in Year 11 who are to be commissioned as school leaders in 2015-2016 should have received an invitation to the Commissioning of School Leaders Ceremony to be held on Monday 14 September. The ceremony will commence at 10:00am in the Gymnasium and afterwards, parents, family and sisters of students who have been commissioned are invited to morning tea with staff in the Centenary Centre Foyer. If you have not received an invitation, please email Mrs Liz Crosby lcroby@ravenswood.nsw.edu.au.

**Year 12 Valedictory Service**

Parents of students in Year 12 should have received an invitation to the Valedictory Service to be held on Friday 18 September, the last day of term. The service will commence at 9:00am in the Gordon Uniting Church, after the students conclude the traditional breakfast with staff. If you have not received an invitation, please email Mrs Liz Crosby [lcroby@ravenswood.nsw.edu.au](mailto:lcroby@ravenswood.nsw.edu.au). Sisters of students in Year 12 are invited to attend and sit with their parents, however, I ask that parents advise Student Absences [studentabsences@ravenswood.nsw.edu.au](mailto:studentabsences@ravenswood.nsw.edu.au) prior to the day, to ensure teachers are made aware that their daughter will be absent from class in Periods 1 and 2.

**Year 11 2015 (Year 12 2016) students – advice re Secondary School Speech Day 2016**

The date for Speech Day 2016 is Wednesday 7 December. As travel agencies are now taking bookings for *Schoolies* 2016, I am reminding Year 11 students and their parents that the Secondary School Speech Day is a compulsory school activity. Please keep this in mind when planning any *Schoolies* activities.
Year 10 Australian Business Week

Year 10 will have the opportunity to participate in Australian Business Week (ABW) in partnership with students from Knox Grammar School, this term. The program will run from Tuesday 15 to Friday 18 September, commencing at 8.25am and concluding at 3.25pm (2.50pm on Friday).

Studio Works – The 2015 International Baccalaureate (IB) Diploma Visual Arts Exhibition

As part of the requirement for satisfactory completion of Visual Arts in the IB Diploma Programme, students are expected to curate an exhibition of works. The exhibition created by the seven students studying Visual Arts in the IB Diploma, will be held between 6.00pm-8.00pm on Tuesday 8 September. The exhibition will be open again between 9.00am-3.00pm on Wednesday and between 9.00am-2.00pm on Thursday. I encourage you to come and view the amazing works of our Visual Arts students in the Centenary Centre Foyer.

Sports

Touch Football

Photo: The Year 6 teams

The Year 6 Broncos certainly played like their NRL equivalent on Saturday, beating Abbotsleigh and Tara in their double-header. The girls started to gel and it was great to see. Thank you to the Year 6 Roosters players who played in the second match. The season has drawn to a close for the Year 4 and 5 teams. Most girls had never played before this term and appeared to thoroughly enjoy the sport. I hope to see everyone play in 2016.

House Sport

The competition was intense at House Touch Football this week. All teams showcased their skills and thoroughly enjoyed the day. Results will be announced at the Junior School Sports Assembly next week.

Mr Adam Raw

Hockey

Rav 6

Last weekend marked the final games of the season for many teams. After a season of hard training, improvement and some spectacular games, two teams will play in the semi-finals this weekend.

Rav 1 played Frensham in a strong match, unfortunately losing 0-3. It has been a season of development and growth and Rav 1 has demonstrated a high level of skill. Rav 2 lost to Abbotsleigh 0-3. Rav 2 displayed tenacity and determination every week, continually working on skills and tactical play. Rav 3 lost to Monte 0-3 in a match where the girls maintained possession but had quick goals scored against them either side of half-time. This weekend, Rav 3 will play in the first round of
semi-finals, a fantastic effort from the girls who have worked hard over the season. Rav 4 played against Pymble in a tough match to finish the season. The girls showed teamwork, persistence and dedication throughout the season.

Rav 5 played against Loreto Kirribilli in a tight finish to the season. The team was strong in defence and had a number of attacking opportunities but was unable to score.

Rav 6 played against Frensham, vying for a place in the semi-finals. Ravenswood showed its strength as a team through development of tactics and players linking together. Despite many attempts at goal, the girls lost 1-2. Rav 7 played a brilliant game against Loreto Kirribilli, demonstrating a high level of skill and perseverance to score two unanswered goals. The girls will play in the semi-finals this weekend, a phenomenal effort especially given many of the girls are new to hockey.

Good luck to Rav 3 and 7 in their semi-final matches. All information can be found on the Portal.

Ms Ashleigh Nottage

House Netball

In one of the most hotly-contested House Netball competitions ever seen at Ravenswood, a scoring countback had to be used to determine a winner.

With the crowd of girls having the time of their lives, dancing to the soothing sounds of Jason Derulo and the Pitch Perfect soundtrack, the atmosphere was buzzing. Some brilliant netball was played and it was excellent to see girls from different Year Groups working as one for their House.

York and Tudor finished on equal points, however, York was the victor having scored more goals throughout the round robin tournament. Stuart and Windsor battled admirably, finishing third and fourth respectively. Thank you to Kaitlyn Cathcart (Yr 7) and Stephanie Lovegrove (Yr 12) for their sensational umpiring. Thanks also to the House Sport Captains and their helpers, you did a fantastic job in organising teams.

Mood Meter Program

Here’s a quick video I prepared for you. It will only take a minute: [Creating emotionally intelligent families](#)
What are you doing to build your own emotional intelligence as a parent?

I ask this question as we so often do everything we can to help our kids, and we neglect to improve our own behaviours and emotions. Most parents will do anything to help their kids feel less anxious yet they’ll neglect to learn how to better manage their own emotional responses.

And goodness knows, raising kids is such hard emotional work that it’s parents who need to learn new ways to manage their own responses, so they’re not overcome with annoyance, anger and hurt when they are challenged by their kids.

Here’s a program for YOU and your KIDS

My next online course, Mood Meter Program for Parents, beginning on 11 September, will teach YOU the tools to better manage your own emotions as well as giving you what you need to help your kids be happier, less anxious and angry.

The Mood Meter is a simple but powerful tool that will help you and your kids recognise, express and regulate emotions. The Mood Meter was originally designed for kids by the fabulous team at Yale Centre for Emotional Intelligence but it’s a brilliant tool for parents too.

September Holiday Years 3-6 STEM workshops at UTS

Bright Futures is a new enrichment and extension program offered by the International Research Centre for Youth Futures and the School of Education at UTS. A range of exciting one and two-day workshops for Years 3-6 will take place at the Kuringai and Broadway campuses in the September holidays. With a special focus on STEM subjects, girls have an ideal opportunity to try out some new skills this holidays.

Workshops include Robotics (city campus), Messy Science, Mathematics, Creative Writing and Construction Engineering for girls (all at Kuringai).

Full program and enrolment information

This is also your last chance to visit the UTS Kuringai campus in its current form as the University will be closing its doors in December to make way for the development of a new state-of-the-art public school.

ThinkUKnow Instagram FAQs: Parents

What is Instagram?
Instagram is a photo-sharing app which allows users to take photos, apply a filter and share content with either followers or the general public. Users are able to ‘like’ and comment on photos as well as send these images directly to individual followers. Instagram also allows users to post short videos.

What is the age classification for Instagram?
Instagram is recommended for users aged 13 years and above, however there are many underage users.

How are young people using Instagram?
Instagram is being used by young people to share photos, occasions and situations with their friends. The ability to like and comment on photos provides a useful communication function for young people as they explore and express their personality.

Should I be worried if my child is using Instagram?
Any application when used incorrectly, has the potential to cause harm. It is important that you openly communicate with your child about how they may be using an application and the legal and ethical ramifications of inappropriate use. They also need to be aware of the dangers of communicating with people they don’t know via any mobile application.

What are the privacy settings on Instagram?
Accounts on Instagram can be shared with anyone, or with those you approve as followers only. This can be done via the Instagram app on your mobile device. First select the Profile option on the lower right-hand side of the screen. In the Edit Your Profile section scroll to the bottom of the screen and ensure Photos Are Private is in the On position and select Save.

What could be revealed through an image?
A concern with photos which are taken and shared via a mobile device is that they may contain geolocation information. Geotagging refers to the embedding of location data, such as GPS coordinates, in images taken on smartphones and some digital cameras. When these images are shared online, the location data is often also shared. This may allow others who have access to the file to determine where the image was created, potentially revealing your home address.

How can my child limit geolocation information?
It is important for your child and you to know how to disable the geolocation function for the camera on the smartphone or mobile device your child utilises. For iOS devices, this can be disabled by accessing Settings > Privacy > Locations and disabling for Camera. On Android devices, users need to open the Camera app, access Settings and disable GPS tagging. If you are unsure how to do this on your device, please access the online user guide for the model of device.

It is also useful to discourage children and young people from using the Photo Map function on Instagram. This capability plots users’ photos on an interactive map and could reveal sensitive location information.

What are the potential problems with Instagram?
It is important that young people only allow people they know and trust to access their photos and learn how to block and report inappropriate users. You can block users via the Instagram app on your mobile device. Open the profile page of the offensive user and select the Further Options icon on the upper right-hand side of the screen. Select the Block User option and when prompted by the dialog box, select Yes, I’m sure.

Sharing images that are rude, offensive or sexualised can see young people in breach of State and Commonwealth legislation that carry serious legal consequences. Ethically, young people need to be aware of the impact that their online behaviour has on others as well as their own reputation.

How can I delete my child’s account?
If after talking with your child about the ethical use of Instagram and your family’s rules around technology, you may think it’s appropriate to delete the Instagram account. To delete an Instagram account log into the account at Instagram.com, click the account username in the top right and select Edit Profile, click I’d like to delete my account in the bottom right.

Note: Accounts can not be reactivated and photos may be lost. Open and supportive discussions around technology usage are vital in ensuring your child understands their responsibilities when using technology. Simply removing the technology is not the best response as it could potentially drive your child’s usage underground where there are fewer opportunities for you to support them.

Dress for Success Clothes Donation

Dress for Success

We Need You!

Have you cleaned out your closet recently?

Do you have any business or smart casual clothes at home that you don’t need?

Will you help provide less fortunate women with the opportunity to get a job?

If you answered any of these questions with ‘YES’ then you are just the person we need!

We are supporting the not-for-profit organisation Dress for Success. It is a company that promotes the economic independence of disadvantaged women, both young and old, with the opportunity to be as prepared as they can to go into the job market. They provide women with professional attire, résumé writing skills, a network of support and even career development tools to let them thrive in both work and life.

They are active in more than 140 cities in 19 countries and have helped more than 850,000 women achieve self-sufficiency.

So please, help us help them by donating clothes (which are appropriate for the workforce, in good condition, clean and pressed).

A collection box is in the Foyer of the LRC.

Here’s some examples of the clothes that could be useful:

Portraits of Practice: women in architecture

A group of Years 10 and 12 students visited the Portraits of Practice exhibition at the Tin Shed Gallery, University of Sydney last week. In addition to viewing the photography and hearing stories of women architects, the students engaged in conversation with women architects at BVN to find out what architecture is really about. We thank BVN architecture for hosting this event for our students.

Books Light up our World – Book Week 2015

Kindy and Year 3 Book Characters

Last week was a busy and exciting week for all Junior School students as they eagerly participated in a wide variety of activities to celebrate Book Week.

All students in K-2 enjoyed a Book Week presentation at Gordon library.

The annual Book Week Chapel Service was held on the Tuesday. Following the service, all Junior School students paraded in costumes depicting a huge variety of book characters. The task of the Year 6 Library Monitor judges proved to be extremely difficult. Many parents were able to be present on the day to enjoy a wonderful ‘literature’ experience with their daughters.

Photo: Frances Watts with Year 4

Popular children’s author, Frances Watts shared her books, knowledge and experience with the girls on the Wednesday.

Colourfully decorated posters, dioramas and colouring competition entries are currently displayed in the Learning Resources Centre.

This year’s annual Book Feast during which students have the opportunity to purchase books for themselves or as library donations, will be held on Friday 18 September, Junior School Portfolio Day.

Maths News

Information on: the MYCA Challenge Series achievements, Enrichment series on Euler, Gauss or Noether, the Australian Mathematics Competition winners and the Australian Intermediate Mathematics Olympiad.

**MYCA Challenge Series**

I would like to congratulate the 31 students from Years 6-10 who participated in the MYCA Challenge Series, in either the Junior or Intermediate level. The following students achieved a credit or above:

**High Distinction**
Year 10: **Yunan (Elizabeth) Cao, Cindy Wang**
Year 9: Shiyi Song

**Distinction**
Year 10: **Daisy Hu**
Year 6: Justine Xu

**Credit**
Year 10: **Lucy Hamer, Yvette Nguyen, Shuang Zhang**
Year 7: Charlotte Woods, Jasmine Chan, Kei Joe

Following on from this, there are currently 18 girls in Years 7-10 who have been working on the Enrichment series on Euler, Gauss or Noether during Terms 2-3 and the last few problems are due in Week 10 this term. My Year 10 Mathematics class has been given the opportunity to work in a differentiated learning environment once a week this term, alongside the students doing the Enrichment series. It has given students the opportunity to work on extension topics that relate directly to the HSC Extension 1 course.

**Australian Mathematics Competition**

On 30 July, 312 Years 7-11 students sat for the Australian Mathematics Competition (AMC). I would like to congratulate all the participants. Ravenswood students collectively achieved 1 Prize, 23 Distinctions and 99 Credits. These students will be presented with their certificates at a later date.

A special congratulatory note goes to our Prize winner Ivy Cai (Yr 10) and our Prudence Award winner Anna Chen (Yr 8).

The top three students (in rank order) in each Year Group are:

Year 7: Ibuki Tsuru, Zia Bohm, Kei Joe
Year 8: Anna Chen, Emily Austin, Dominique Abrahamse
Year 9: Tulip Foung, Shiyi Song, Winny Tsai
Year 10: Yuzhu Cai, Shuang Zhang, Lucy Hamer
Year 11: Juhyun Son, Joceline Chiu, Xinying Shu

Registration for the Australian Intermediate Mathematics Olympiad (AIMO) is closed. The following girls have been invited to sit the AIMO, to be held on Tuesday 8 September:

Year 7: Vivienne Yang, Charlotte Woods, Riya Swarup, Chaeyeon Lee
Year 8: Anna Chen
Year 9: Shiyi Song, Anna Choi, Xinglin Ge, Yiqia Li, Winny Tsai, Ana Isaacs
Year 10: Yvette Nyugen, Daisy Hu, Lucy Hamer, Lucy James, Shuang Zhang, Yunan Cao, Yuzhu Cai, Jemma Frost

Best wishes are extended to these students.
